## ABOUT LA CAPELETTE

We invented La Capelette® because our family had a great need for it. It was frustrating when my daughter's clothes were always wet despite my best efforts to towel dry her hair. I dreaded dealing with my own wet hair or when I had to apply hairspray and other products. There was nothing on the market that we could use. I would try to find something lightweight to wrap around my shoulders, but nothing quite fit the bill.

One night I picked up a scissor, started cutting and made a pattern from an old towel. I enlisted the help of my seamstress mother in law, who was excited by the idea and we made the first prototype of La Capelette®.

We started using it right away in our own home and she wisely made one for herself. Then we had to make more for our family

members since the feedback were all positive, such as "Why didn't I think of that?"

Everyone wanted one and once they tried it, they didn't want to give it back. We thought it was a breakthrough, and as one person told us "In this day and age you would think we would have something like this."

## WHY LA CAPELETTE

This is something we use everyday and we are excited for you to give a try. I assure you that once you try it, you will never go back to being uncomfortable or worry about being wet or sticky. I stopped worrying about my daughter's wet hair, she has it on as she go about her busy business as her hair is drying. I don't have to worry about damp clothes anymore.

La Capelette® is absorbable yet lightweight and it is easy to hang. It is also easy to put on and off, with one snap button. The whole family can use La Capelette®!

## WHO WE ARE

As the creators of La Capelette®, our goal is to help find the best products that will make your life more comfortable while being practical.

We are compelled to innovate and are committed to giving all of our attention to details like usage, texture, color, comfort and luxury. We're thrive to create products that, not only are very useful, but can also inspire.
