

La Capelette™

THE BENEFITS OF LA CAPELETTE®

When it comes to hair care and beauty applications, Natalya Liana Designs®, creators of La Capelette®, have given serious thoughts on how to come up with a practical, yet stylish, alternative to towels, bibs and other types of “capes”. Turned out that the concept of La Capelette® provides many key benefits:

PROTECTION

Tailored like a vest, La Capelette fits perfectly on your shoulders and stays securely in place thanks to its Mother of Pearl Button. No more falling or bunched-up towels. La Capelette® offers full protection from the top of your shoulders to front to back.

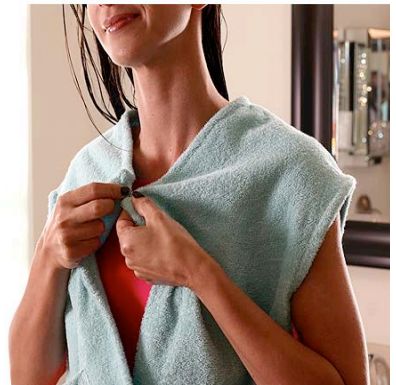

COMFORT

Since La Capelette® only uses a single button, there are no Velcro that can scratch your skin. The soft, high-quality terry cloth means you can wear La Capelette® over your clothing comfortably. In fact, it's so comfortable you can wear it all day!

PRACTICALITY

La Capelette®'s thick terry cloth can absorb the worst spills and is fully machine-washable. When not in use, it can be folded easily or hang, thanks to its sturdy looped label. It is also equipped with reinforced stitched side pockets, ideal to carry your phone or your hairbrush.

As the creators of La Capelette®, our goal is to help find the best products that will make your life more comfortable while being practical. We are compelled to innovate and are committed to giving all of our attention to details like usage, texture, color, comfort and luxury. We're thrive to create products that, not only are very useful, but can also inspire.

Order La Capelette® now at www.lacapelette.com!
